

# KB 972 PC

## Information Sheet

### **CHEMICAL AND PHYSICAL CHARACTERISTICS**

Appearance	Viscous liquid
Touch	dry
pH (1:10)	7,5-8,5
Solids	25%
Ionicity	Anionic

**COMPOSITION:** Compound

### **CHARACTERISTICS**

**KB 972 PC** It is a compound designed to have high coverage with a soft hand and good stampability.

**KB 972 PC:** It is particularly suitable by spray application, roller or airless for articles and pumped prints on frosted leather or full grain. Its high coverage and elasticity gives a natural look and soft finish on the skin.

### **Application:**

PRODUCT: Water----- 450.

**KB 972 PC**-----450.

IPA -----100.

**STORAGE:** Store in a fresh and dry place.

STIR WELL BEFORE USE

**STORAGE:** Drum 120 kgs
